

ChatterVox for Auctioneers

Auctioneers all over the world use ChatterVox for auctions. For indoor auctions, the most popular ChatterVox for auctioneers is the Original ChatterVox Complete Plus. If your auctions are mainly outdoors and for a bigger crowd, the ChatterVox Super Sized Model 6 will do a great job. Either one will do an excellent job and help you be heard.

The ChatterVox is revolutionizing the entire auction industry. With a world class line up of powerful amplifiers in every size to match your venue, you can walk into any situation and know that you will be heard. The professional auctioneer recognizes the competitive nature of today's auction market, Proper cadence, pitch, consistency - the ability to hear yourself during an auction is absolutely critical to today's best auctioneers. The ChatterVox can be used as a stand-alone amplification system. Walking into any venue with complete confidence knowing that you have your own totally portable voice amplification system is a huge confidence builder.

For larger venues, use your ChatterVox as a personal monitor in addition to the house sound system. The ChatterVox can be used with any house sound system and will quickly add confidence to your ability to hear yourself during the auction.

GIVE YOURSELF THE COMPETITIVE ADVANTAGE!

How does it work?

The ChatterVox is a light weight, comfortable, portable voice amplifier. You simply buckle the ChatterVox amplifier around your waist and attach one of our many microphones. Turn the ChatterVox "ON" and you will hear an immediate boost to your voice volume. Adjust the volume knob to your desired volume level. It really is that simple.

How is it powered?

The ChatterVox has built-in rechargeable batteries. Simply plug the ChatterVox in to the included charger overnight while you sleep and it is good to go for all day long use.

Where can it be used?

Everywhere! The ChatterVox can be in venues of any size. Indoors, outdoors, we have three different models and many different microphone options to accommodate everyone.

OK, what about the cost?

The ChatterVox system is available in different packages with different microphones to best fit the individual. Our most popular system costs less than \$300.
