## MANNERS

FIRST & LAST NAME: \_\_\_\_\_

When you have good manners it means you use words and actions that show kindness and respect to others. As a powerful leader, it's important to show good manners because you set an example for others. You also want to treat others the way they deserve to be treated-- and how you would hope they would treat you in return if you were in the same situation! Answer the "what would you do?" questions below about manners.

### What would you do?

You go to a friend's home. They bake some cookies that they think you'll love. When you taste them, you think they're awful. Your friend asks how you like them and if you want more. What do you say or do?
