SELF-RELIANCE

FIRST & LAST NAME: _____

Self-reliance means: "I can do it by myself!" We depend on ourselves to make a good choice and to get our jobs done. When we get ourselves ready for bed, we are showing self-reliance. When we feed ourselves, we are showing self-reliance. And when we are getting our shoes and jacket on so we can start our day, we are showing self-reliance! Do you show self-reliance? Look at each of our friends below. Who is showing self-reliance? Circle all our friends who are showing self-reliance. Then, draw or write how you show self-reliance in the provided space.

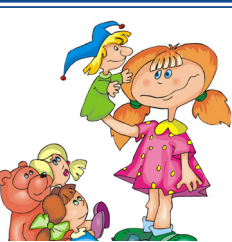

Pat is getting himself dressed. It is time to start his day!

Aria is brushing her teeth without being told to do so.

Leo won't get himself up and ready for school. He feels lazy.

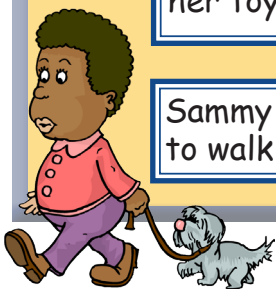

May wants her Dad to clean up her toys for her.

How do YOU show self-reliance? Draw or write the answer.

Kim is making her bed before school.

Sammy remembers to walk the dog!
