

Subject: Los Angeles County Plan for Expelled Students

Prepared by: Hank Paz, Interim Director, Student Support Services

Reviewed by: Sue Kaiser, Assistant Superintendent, Educational Services

Action desired:

The Board of Education is requested to adopt the 2015 Los Angeles County Plan for Expelled Students.

Rationale:

At the time an expulsion of a pupil is ordered, the Governing Board of the school district shall ensure that an education program is provided for the pupil, subject to the expulsion order. For districts that may be unable to provide pupils who commit serious behavior violations with an alternative program that meets the restrictive requirements of California Education Code Section 48915 (d), selected county programs may provide viable options. District Superintendent Thorossian has reviewed the Los Angeles County Plan for Expelled Students and recommends this Plan for expelled students.

Background Information – California Education Code Section 48926 requires that each county superintendent of schools in conjunction with superintendents of school districts within the county develop a plan for providing education services to expelled students.

The county plan shall enumerate existing educational alternatives for expelled pupils, identify gaps in educational services for expelled pupils, and strategies for filling those service gaps. The plan shall also identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district

Superintendent

pupils, as determined by the governing board. Los Angeles County Office of Education Superintendent, Arturo Delgado, requests local Governing Boards to acknowledge and accept Los Angeles County Plan for Expelled Students.

Monrovia Unified School District Options for Disciplinary Issues - Useful in understanding the county plan is a review of the District's position on at-risk students, discipline, and placement options. In terms of student's being at-risk, the Board recognizes that personal, social, health, and economic circumstances of children and families sometimes place students exposed to school failure. The Board believes, however, that each student can succeed in meeting District behavioral and academic standards with appropriate educational programs and support services.

The Board aspires for the best in student behavior, but is realistic in its readiness to address inappropriate behavior. Board Policy 5144 expresses the Board's strong desire to prepare students for responsible citizenship. Administrative Regulation 5144 suggests step-by-step legal and accepted approaches for addressing disciplinary infractions. Key to these steps is not their punitive nature, but rather their educational and corrective character.

Initial responses to disciplinary issues are school-based. When the infraction is considered to rise to the level of possible change of placement, including expulsion, the office of Student Support Services is engaged. Amongst the responses by Student Support Services are parent-student, school-district office conferences, pre-expulsion (due process) conferences, involuntary transfers, interim alternative educational settings for special education students, and the expulsion process.

Monrovia Unified School District is committed to creating new opportunities to have fresh starts and healing opportunities for injured parties. Though from time to time elementary age and middle school students commit offenses serious enough to consider placement in another setting, traditionally high school students make up the bulk of grave disciplinary incidents. At the high school level, students over 16 years of age may be involuntarily transferred to Canyon Oaks High School if the student has committed an act enumerated in Education Code Section 48900.

Students who violate Education Code Section 48900 and are expelled are referred to Los Angeles County Office of Education programs. The office of Student Support Services will continue to explore additional placement options for Monrovia Unified School District students.

Monrovia Unified School District 2014-2015 Expulsion Cases - Last school year, nine cases rose to the level where the Board ordered expulsion. The Board chose to

suspend the enforcement of the expulsion order on five of those nine cases and those students are enrolled in District schools.

Budget Implications - None

Los Angeles County Plan for Expelled Pupils (Education Code Section 48926)

Introduction

The Los Angeles County Superintendent of Schools, in conjunction with the superintendents of the school districts within the county, have developed the following county-wide plan for providing educational services to expelled pupils within the county pursuant to California Education Code, Section 48926. In addressing the needs of all expelled pupils, the countywide plan shall:

- enumerate existing educational alternatives for expelled pupils;
- identify gaps in educational services to expelled pupils;
- identify strategies for filling those gaps in services; and,
- identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their required rehabilitation plan or who pose a danger to other district pupils, as determined by the governing board.

Section 48916.1 provides that at the time an expulsion of a pupil is ordered, the governing board shall ensure that an education program is provided to the pupil who is subject to the expulsion order for the period of the expulsion. Any educational program provided pursuant to this section may be operated by the school district, the county superintendent of schools, or a consortium of districts or in joint agreement with the county superintendent of schools.

To address the needs of expelled pupils, a number of alternative education programs have been developed by local school districts and the Los Angeles County Office of Education to provide continuing educational opportunities.

Profile

The Los Angeles County Office of Education (LACOE) is the nation's largest regional education agency. Los Angeles County, the most populous county in the nation, has over 10 million residents, including about 1.6 million students in 80 public school districts. Our largest district, Los Angeles Unified School District, has an enrollment of 659,639 students, while our smallest, Gorman School District, has 100 students. Our countywide service area encompasses 88 cities and 4,084 square miles.

LACOE Vision Statement

LACOE is a premier provider of integrated, educational programs and services from birth to adulthood in a richly diverse and multicultural global environment.

LACOE uses a variety of service delivery systems to eliminate the educational barriers associated with poverty and racial divisiveness in education, enabling students to exceed state and national standards. These services include universal, quality, early childhood education, effective data driven programs for all students, and state of the art technical assistance.

LACOE organizes its infrastructure to provide leadership in creating unique, nationally recognized models in education, including models for innovative staff development and training. LACOE earns the public's confidence by: making the school the hub of the community, making the most efficient use of financial resources, bridging the "digital divide" in technology access and content, and developing collaborative partnerships for students, parents, and community. LACOE embraces a culture of diversity that promotes an inclusive, prosperous learning and workplace environment.

Division of Student Programs

The Division of Student Programs (DSP) serves approximately 3,400 students throughout Los Angeles County. DSP provides instructional and educational services in a variety of settings, including 3 juvenile hall schools, 13 camp schools, 2 residential Community Education Centers, 3 Cal-SAFE programs, 13 County Community Schools, 8 independent study programs, and 2 specialized high schools. All school sites offer a Common Core curriculum and a variety of supplemental services intended to address the learning needs of individual students. Additionally, school personnel work closely with the Probation Department and the Department of Mental Health to provide comprehensive educational services for all students. The mission of the Division of Student Programs is to ensure student success by providing quality academic programs, supported by an organizational culture that is focused on data and Professional Learning Communities. DSP is responsible for the placement and services of all expelled students who are referred to LACOE.

Division of Pupil Services

The Division of Pupil Services (DPS) supports the Principal Administrative Units (PAUs) in the Division of Student Programs and the Division of Special Education with the implementation of programs and initiatives to facilitate the academic, emotional, mental, social, and physical health of all students. This support is provided through professional development and the collaborative efforts of staff members in the Camps Assessment Unit, Compliance Support Services, Health Services, Neglected/Delinquent and Homeless youth services, as well as Counseling, Nursing and Aftercare Services. The mission of the Division of Pupil Services is to meet the academic, social, emotional, and physical needs of the students we serve in Educational Programs.

Division of Student Support Services

The Division of Student Support Services (SSS) serves school districts and LACOE programs, and provides technical assistance in the areas of student discipline, pupil records, custody of minors, education for homeless children and youth, compulsory attendance, counseling and guidance, health services, gang prevention and intervention, safe school planning, emergency response and crisis intervention, foster youth services, substance use prevention, and after-school programs. SSS is responsible for handling expulsion appeals to the county board of education of students expelled from the school districts, and providing support for students, parents, and school districts who are participating in the expulsion appeal process.

Educational Alternatives for Expelled Pupils

School districts located within Los Angeles County provide a number of options for expelled pupils, depending on the specific violation of Sections 48900, 48900.2, 48900.3, 48900.4 and 48900.7 of the California Education Code. The alternative education program to which an expelled pupil may be assigned is preceded by a decision of the local governing board which may provide for one of the following expulsion orders which describes the students' educational placement:

1. Suspended enforcement of the expulsion order with placement on the same school campus [EC § 48917 (a)];
2. Suspended enforcement of the expulsion order with placement on a different school campus within the district or a district alternative program such as school or continuation high school programs [EC § 48917(a)];
3. Expulsion with a referral to a District Community Day School program, if available [EC § 48660]; or,
4. Expulsion with a referral to a county community school or other appropriate programs operated by the Los Angeles County Office of Education [EC § 1981(c)].

A pupil who is expelled for violation for an act listed in subdivision (c) of EC § 48915 (mandatory expulsion section), shall be assigned to a program of study that meets all of the following conditions:

- (1) Is appropriately prepared to accommodate pupils who exhibit discipline problems.
- (2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.
- (3) Is not housed at the school site attended by the pupil at the time of suspension.

At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an educational program is provided to the pupil who is subject to the expulsion order for the period of the expulsion. Any education program provided may be operated by the school district, the county superintendent of schools, or a consortium of districts or in joint agreement with the county superintendent of schools.

District Operated Programs

The range of alternative programs currently offered by school districts throughout Los Angeles County includes the following options:

- Community Day Schools;
- Independent Study (offered in conjunction with a classroom option);
- Opportunity School/Class;
- Continuation High School;
- Charter School;
- Adult Education Programs; and,
- Special Education.

If a school district is unable to provide a suitable program or if the expelled pupil fails to meet the terms and conditions of his or her rehabilitation plan or if the student continues to pose a danger to other district pupils, as determined by the governing board, the district may refer the expelled pupil to the Los Angeles County Office of Education for possible placement in a program operated by the Division of Student Programs (DSP).

County Operated Programs

The Los Angeles County Office of Education currently provides a variety of alternative education programs that are designed to help pupils:

- take a renewed interest in school and learning;
- attend school consistently; and,
- set and attain academic and career goals.

Specifically, these programs are designed to serve:

- Students who are having trouble at home or school;
- Expecting and Parenting Teens;
- Homeless and Foster Children and Youth;
- Students who are on probation or students who need to work full-time to support themselves and/or their families; and,
- Students who have been expelled and for whom a district operated education program is not available.

Programs designed to serve the above identified pupil populations include those operated by the LACOE Division of Student Programs (DSP) include:

- County Community Schools;
- Independent Study (operated in conjunction with a classroom option);
- California School Age Families Education Program;
- Partnership Programs

As previously stated, *at the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an educational program is provided for the pupil subject to the expulsion order.* For districts that may be unable to provide *pupils who commit serious behavior violations* with an alternative program that meets the restrictive requirements of California Education Code Section 48915 (d) (see appendix), selected county programs may provide viable options.

It is anticipated that the majority of expelled pupils who are referred to the county office for placement in an alternative program will be assigned to a *county community school program*. County Community schools operated by the county are designed to provide interventions for middle school and high school students, grades 6 to 12.

Educational Service Gaps and Strategies to Address Service Gaps

Section 48926 of the California Education Code provides that each county superintendent of schools in counties that operate community schools pursuant to Section 1980: ... *shall develop a plan for providing education services to all expelled pupils in that county.* One of the required elements of the plan is to *identify gaps in educational services to expelled pupils, and strategies for filling those service gaps.*

To address this element and identify additional service needs to expelled pupils, a survey of all school districts in Los Angeles County was conducted (see appendix: AB 922 District Questionnaire).

As a result of that survey, the following service gaps were identified, including a discussion of each issue along with a proposed strategy:

Service Gap 1 – Lack of Behavior Interventions for Expelled Students

Discussion: Eight school districts expressed a need for more behavior interventions such as counseling or tutoring. Three districts found that placements were limited for Special Education students who were expelled.

Proposed Strategy: The Division of Student Support Services began formal training for school districts and LACOE schools in Positive Behavior Interventions & Support (PBIS), a school-wide discipline framework that helps to reduce suspensions and expulsions. The framework assists school districts in identifying strategies to reduce the number of discipline issues, but also promotes a positive school climate. Included in the framework are Restorative Justice practices, a strategy that creates opportunities for victims, offenders and others to discuss the offense and develop resolutions. Counseling programs that included therapeutic counseling, attendance interventions, drug education, mental health interventions, behavior interventions that include parent education for ADD/ADHD, bipolar syndrome, and the use of medications, group counseling strategies, and the utilization of social work interns have proven helpful to school districts.

Seven school districts operate Alternative Education centers that include counseling, credit recovery, mentoring, job training, Career Technical Education courses such as fashion design and auto mechanics, foreign language courses, and community college courses.

The Los Angeles Unified School District employs AB 922 Counselors who ensure the appropriate educational placement of expelled students, provide case management, monitor social behavior and academic progress, and consult and collaborate with school staff and community agencies.

Service Gap 2 – Transportation to Alternative Placement Settings for Expelled Students

Discussion: Six school districts felt that transportation to alternative programs was an obstacle for students that have been expelled. One school district, located in a rural area, did not have any alternative education placements in the immediate area.

Proposed Strategy: Ten school districts believe LACOE could consider creating more alternative options for students in grades K-5 and 6-8 address transportation issues. Another strategy was to offer online, blended courses (a combination of online and traditional instruction) as an alternative placement for expelled students.

Alternative Placements for Pupils who Fail to Meet the Terms and Conditions of their Rehabilitation Plan or who Pose a Danger to Others

California Education Code, Section 48926 requires the county-wide plan to *further identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils, as determined by the governing board.*

In Los Angeles County, expelled pupils who are unsuccessful in a district operated community day school and/or who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils may be referred to a county community school or other appropriate alternative program operated by the county office of education.

Options for students who fail to meet the terms and conditions of their rehabilitation plan may, in select cases, include referral and placement in a juvenile hall setting or juvenile camp or in select cases, a transfer to a program operated by an adjacent county office of education.

Currently, the Los Angeles County Office of Education does not have any formal agreements with adjacent county offices of education.

Contract for Alternative Services

To further address the requirements of Section 48926 of the California Education Code, and to ensure that an educational program is provided for all expelled pupils, referred to and accepted by the County, the Division of Student Programs (DSP) will enter into a contract with each participating school district to identify agreed-to responsibilities for serving expelled pupils, including those served in both regular and special education programs. A plan to address any identified service gaps will be included in the contract.

Appendix

California Education Code
Section 48915 (d)

(d) The governing board shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions:

- (1) Is appropriately prepared to accommodate pupils who exhibit discipline problems.
- (2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.
- (3) Is not housed at the school site attended by the pupil at the time of suspension.

California Education Code
Section 48915 (f)

(f) The governing board shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study which meets all of the conditions specified in subdivision (d).

Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.

California Education Code
Section 48915.01

If the governing board of a school district has established a community day school pursuant to Section 48661 on the same site as a comprehensive middle, junior, or senior high school, or at any elementary school, the governing board does not have to meet the condition in paragraph (2) of subdivision (d) of Section 48915 when the board, pursuant to subdivision (f) of Section 48915, refers a pupil to a program of study and that program of study is at the community day school. All the other conditions of subdivision (d) of Section 48915 are applicable to the referral as required by subdivision (f) of Section 48915.

California Education Code

Section 48916.1

(a) At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an educational program is provided to the pupil who is subject to the expulsion order for the period of the expulsion. Except for pupils expelled pursuant to subdivision (d) of Section 48915, the governing board of a school district is required to implement the provisions of this section only to the extent funds are appropriated for this purpose in the annual Budget Act or other legislation, or both.

(b) Notwithstanding any other provision of law, any educational program provided pursuant to subdivision (a) may be operated by the school district, the county superintendent of schools, or a consortium of districts or in joint agreement with the county superintendent of schools.

(c) Any educational program provided pursuant to subdivision (b) shall not be situated within or on the grounds of the school from which the pupil was expelled.

(d) If the pupil who is subject to the expulsion order was expelled from any of kindergarten or grades 1 to 6, inclusive, the educational program provided pursuant to subdivision (b) shall not be combined or merged with educational programs offered to pupils in any of grades 7 to 12, inclusive. The district or county program is the only program required to be provided to expelled pupils as determined by the governing board of the school district. The subdivision, as it relates to the separation of pupils by grade levels does not apply to community day schools offering instruction in any of the kindergarten and grades 1 to 8 inclusive, and established in accordance with Section 48660.

(e) (1) Each school district shall maintain the following data:

- (A) The number of pupils recommended for expulsion.
- (B) The grounds for each recommended expulsion.
- (C) Whether the pupil was subsequently expelled.
- (D) Whether the expulsion order was suspended.
- (E) The type of referral made after the expulsion.
- (F) The disposition of the pupil after the end of the period of expulsion.

(2) The Superintendent may require a school district to report this data as part of the coordinated compliance review. If a school district does not report outcome data as required by this subdivision, the Superintendent may not apportion any further money to the school district pursuant to Section 48664 until the school district is in compliance with this subdivision. Before withholding the apportionment of funds to a school district pursuant to this subdivision, the Superintendent shall give written notice to the governing board of the school district that the school district has failed to report the data required by paragraph (1) and that the school district has 30 calendar days from the date of the written notice of noncompliance to report the requested data and thereby avoid the withholding of the apportionment of funds.

(f) If the county superintendent of schools is unable for any reason to serve the expelled pupils of a school district within the county, the governing board of that school district may enter into an agreement with a county superintendent of schools in another county to provide education services for the district's expelled pupils.

California Education Code

Section 48926

Each county superintendent of schools in counties that operate community schools pursuant to Section 1980, in conjunction with superintendents of the school districts within the county, shall develop a plan for providing education services to all expelled pupils in that county. The plan shall be adopted by the governing board of each school district within the county and by the county board of education.

The plan shall enumerate existing educational alternatives for expelled pupils, identify gaps in educational services to expelled pupils, and strategies for filling those service gaps. The plan shall also identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils, as determined by the governing board.

Each county superintendent of schools, in conjunction with the superintendents of the school districts, shall submit to the Superintendent of Public Instruction the county plan for providing educational services to all expelled pupils in the county no later than June 30, 1997, and shall submit a triennial update to the plan to the Superintendent of Public Instruction, including the outcome data pursuant to Section 48916.1, on June 30th thereafter.
