

FIND YOUR WRIST SIZE

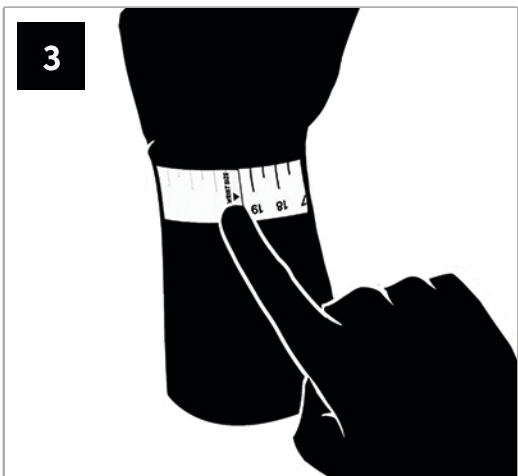

Step One

Print this page and cut out the measuring band found on the right hand side. Begin to wrap the band around your wrist with the numbers facing upwards, ensuring there are no gaps between your wrist and the band.

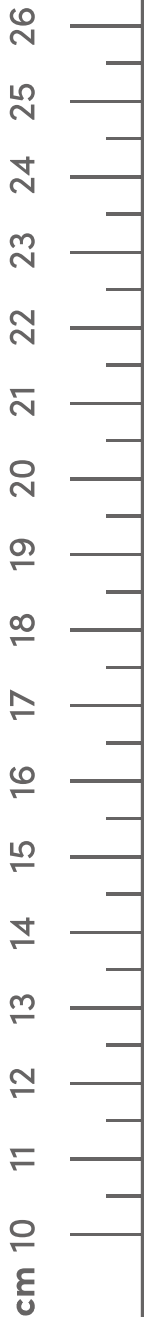

Step Two

Keep wrapping until both ends of the band meet.

Step Three

Making sure the band is fitting snug, identify your wrist size by aligning the arrow to the corresponding number. Use this number to order your Harmenstone bracelet.

HARMENSTONE

Warning

This page must be printed at 100% ratio. Do not resize or scale to fit. Use a ruler to confirm accuracy.
